The wedding evening came, the guests her bridal attire. At 6 o'clock everything , and her people in Baltimore telegraphed was ready for the marriage, all arrange parties were present, but George Frintz did not appear. Two hours passed away, and still he did not appear, nor did Father Edward Purcell arrive. Then the bride first began to fear, probably remembering those strange words uttered in connection with the exhibition of a new pistol. Then she begged Mr. Philip Knapp to look for the missing bridegroom, and Mr. Knapp, a warm friend of Frintz, complied, although believing within himself that there was no cause for uneasiness. But he thought otherwise after having searched vainly for his friend at the post-office, at the room in Sulivan's building, at a dozen places which George was in the habit of frequenting. He sought vainly for tidings of him until nearly midnight; the wedding party broke up, the guests dispersed, and Miss Phillips retired in tears.

Meanwhile the unfortunate man must have been hiding himself and his ghastly secret from all who knew him. It was perhaps his first intention to consummate the whole tragedy by slaving himself at the very hour set for the marriage feast. But this cruelty he found himself incapable of when the hour arrived, and in the gray of the morning he seems to have wandered to his lonely room in Sullivan's building, and lain down, feverish and desperate, to dream of a death. XLIVTH CONGRESS-First Session

THE EASTERN TROUBLES.

WASHINGTON, June 9, 1876. SENATE. Mr. Dennis, from the Committee on Comnerce, reported, with amendments, House bill to amend certain sections of acts of 1848 and 1852 of the Revised Statutes of the United States concerning commerce and navigation and the regulation of steam-vessels. Placed on the calendar.

The Secretary of the Treasury reported that the pension bill which passed the House for soldiers and sailors of the war of 1812 will require about \$150,000 per annum.

The post-office appropriation bill was re sumed. Mr. West, who had charge of the bill, explained the amendment proposed by

the Senate committee.

During the discussion Mr. Sherman said the Senator from Maine (Hamlin) some time ago in an able speech showed there was a deficiency from carrying the newspapers of the country amounting to \$6,900,000. The whole amount paid by newspapers was \$1,000,000. Had not the Senate courage to deal with this matter? Had the newspapers such power over the senators? Was there such terror of them that the Senate could not do what was right? He acknowledged the power of newspapers was great in the dissemination, of intelligence. Any re-spectable publisher would consider himself insulted if told he was the beneficiary of the Government in this respect The Senate should have courage to raise the postage on newspapers, even if every newspaper in the land cried out against it He had conversed with many newspaper publishers about this subject, and they all said that Congress had fixed the rate too low. He was in favor of increasing the rate to four, five, or even six cents a pound

THE CONVENTION THE ALL-ABSORBING MATTER OF INTEREST-EXODUS OF THE POLITICIANS AND THEIR FRIENDS.

(Special telegram to the Dispatch.) WASHINGTON, June 9 .- The exodus to Cincinuati is becoming very general. Many members of both Houses of Congress will leave to-morrow, and the strikers for the different political candidates will appear in force in Cincinnati by Monday morning. The idea seems to be to congregate, as far as possible, in advance of the date for the assembling of the Convention. All recognize

Blaine will be represented by the strongest New England element that can be gathered, but his friends to-night admit that the Convention will be a lottery, and that he is in great risk. The question being agitated to no little

extent is, Who can harmonize the party? Neither Conkling's nor Morton's friends vill support in the Convention a candidate nominated by Blaine, and this fact gives some strength to the rumor, heretofore as idle gossip, that Grant will be forced upon Interest in public matters is leaving the

capitol altogether. Investigations are not spoken of, and Blaine no longer creates a sensation by his dramatic efforts. The floor of the House from now until the adjournment of the Republican Convention at Cincinnati will be the all-absorbing topic of in-TIMON.
